

Projects Done by This Group Till date

1. Bridge across Canal to reach Attangarai Pillayar Koil

(A)

(B)

(C)

Before Kumbabishekam for Attangarai Pillayar Koil in year 2022, we had only option (A) a broken Shutter gate to cross 32 ft width canal & reach temple on the river bank.

So we first made a temporary Bamboo bridge as see in fig (B) which lasted for 2 years.

In the year 2025 as this bamboo bridge started giving up, replaced with G.I metal bridge which is a permanent structure as shown in fig (C). Strategically it has been kept smaller in width so that one way walkable & no two wheeler can be driven on this.

Total expense is Rs 52500

2. Structure Beam Covered to avoid Pigeon Poop inside mandapam in Perumal Koil

In perumal koil mandapam we had nuisance due to pigeon poop, which is not only dirty but also is health hazard for devotees visiting temple. Roof holding structure was made of 2 C channel, which gave enough room for pigeons to sit there and drop poop inside mandapam.

So we decided to cover the same through Ploy vinyl sheet & resolved the issue.

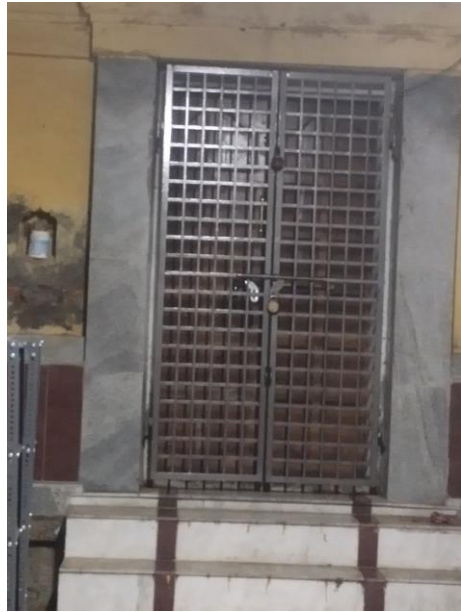

Total Expenses Rs

3. Repair and Painting of
 - a. Grill Door at Perumal Koil
 - b. Grill door at Shivan Koil & gate at entrance
 - c. Ayyanar koil close gap below the grill all around & repair extention of roof & complete repainting
 - d. Grill door of Madapalli room

(a)

(b)

(c)

(c)

(d)

Total Expense Rs 47500. (Out of this Rs 35000 was donated by donor Mr Amar G

4. Regular replacement of electrical fittings in temple wherever required.

5. Cow Samrakshana Seva we started in our Village – Identified a Cow which has stopped giving milk. We persuaded family owning this cow not to sell. Instead we communicated to our members to contribute for same. Out of total expense of Rs 4500 p.m incurred by that family towards food & medical check up, our members so far contribute rs 3000 p.m. We appeal more members to contribute to cover balance amount every month.
6. Right from the formation of this group, we have coordinated on behalf of our members who are all residing at cities across India / abroad, to arrange to get pooja materials & handover to Kurukkal at temple. After pooja is performed we arranged for collection of prasadam & reach it to respective members.
7. Only thru active participation of our members we could execute above projects
